

Appeals Reviewed by an Independent Review Organization (IRO)

When services are denied, the member or provider may request that the service is submitted to an Independent Review Organization (IRO) for review and determination. If an IRO upholds the Molina decision, this means that services remain denied by Molina. If the IRO overturns the Molina decision, this means that the IRO decided to approve the service requested and the service will be approved by Molina. APS service codes outlined below are service groups for Inpatient authorization requests. Please refer to [Pre-Authorization Statistic Abbreviation Guide](#) to view the descriptions of the APS abbreviations.
