Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	9/1/2019	90281	IMMUNE GLOBULIN IG HUMAN IM USE	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	10/1/2019	A9274	EXTERNAL AMB INSULIN DEL SYSTEM DISPOSABLE EA	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. <p>Healthcare Administered Drugs/Pharmacy Drug Coverage:</p> <p>Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement.</p> <p>Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.</p>	9/1/2019	C9047	INJECTION CAPLACIZUMAB-YHDP 1 MG	<p>Information generally required to support authorization decision making includes, but not limited to:</p> <ul style="list-style-type: none"> •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	9/1/2019	J0121	INJECTION OMADACYCLINE 1 MG	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	7/1/2022	J2779	Injection, ranibizumab, via intravitreal implant (susvimo), 0.1 mg	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information.	Third Party Proprietary Criteria	
Healthcare Administered Drugs	10/1/2023	J2781	INJECTION, PEGCETACOPLAN, INTRAVITREAL, 1 MG	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information.	Third Party Proprietary Criteria	
Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	9/1/2019	J2783	INJECTION RASBURICASE 0.5 MG	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	4/1/2020	J7336	Capsaicin 8% patch, per square centimeter	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information.	Qutenza (capsaicin)	
Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	10/1/2020	J7351	INJECTION, BIMATOPROST, INTRACAMERAL IMPLANT, 1 MICROGRAM	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home. All packages are individually marked for each member, and refrigerated drugs are shipped in insulated packages with frozen gel packs. The service also offers the additional convenience of enclosing needed ancillary supplies (needles, syringes and alcohol swabs) with each prescription at no charge. Please contact your Provider Relations Representative with any further questions about the program. Pharmacy authorization regardless of CPT/HCPC code requests should be faxed to: 888-487-9251.	9/1/2019	J9055	INJECTION CETUXIMAB 10 MG	Information generally required to support authorization decision making includes, but not limited to: •Current (up to 6 months), adequate patient history related to the requested services such as: office and hospital records; •History of the presenting problem •Clinical exam; •Pertinent diagnostic testing results, operative and/or pathological reports; •Treatment plan and progress notes; •Pertinent psychosocial history; •Information and consultations with the treating practitioner; •Pertinent evaluations from other health care practitioners and providers; •Pertinent charts, graphs or photographic information, as appropriate; •Rehabilitation evaluations; •Information regarding the local delivery system; and •Patient characteristics and information.	Standard Oncology	
Healthcare Administered Drugs/Pharmacy Drug Coverage: Newly FDA approved medications such as “buy-and-bill” drugs are considered non-formulary and subject to non-formulary policies and other non-formulary utilization criteria until a coverage decision is rendered by the Molina Pharmacy and Therapeutics Committee. “Buy-and-bill” drugs are pharmaceuticals which a provider purchases and administers, and for which the provider submits a claim to Molina Healthcare for reimbursement. Many self-administered and office-administered injectable products require Prior Authorization (PA). In some cases they will be made available through Molina Healthcare’s vendor, Caremark Specialty Pharmacy. Molina’s pharmacy vendor will coordinate with MHI and ship the prescription directly to your office or the member’s home.
